

# Jeffrey Dittkoff, M.D.

Senior Vice President, Chief Quality and Safety Officer

# Beaumont

**Jeffrey Dittkoff, M.D.** is senior vice president, chief quality and safety officer at Beaumont Health, Michigan's largest health care system, based on inpatient admissions and net patient revenue. In this role, Dr. Dittkoff leads quality, patient safety, infection prevention and clinical effectiveness. Since 2011, he has served as director of operations for the Beaumont, Royal Oak emergency department and has been the Royal Oak chief patient safety officer since 2017. Dr. Dittkoff has served as an attending physician since 2007.

Dr. Dittkoff is a clinical assistant professor in the Department of Emergency Medicine at Oakland University William Beaumont School of Medicine. In 2018, he completed the Institute for Healthcare Improvement Patient Safety Executive Development Program.

A physician leader with a commitment to Beaumont's passion to improving quality and safety for patients and employees, Dr. Dittkoff has been working on patient safety and process improvement for the past decade. He has also been instrumental throughout the pandemic serving as the COVID-19 medical director for the Royal Oak emergency operations center and was named "Top Doc" by Hour Magazine in 2020.

Dr. Dittkoff earned his bachelor's degree in psychology from the University of Michigan. He received his medical degree from Wayne State University School of Medicine and completed his residency in emergency medicine at Beaumont, Royal Oak.

Beaumont Health is Michigan's largest health care system and is most preferred for health care in Southeast Michigan, according to NRC Health survey data. The not-for-profit organization's more than 33,000 employees share a mission to provide compassionate, extraordinary care, every day. The system includes eight hospitals with 3,375 beds, 155 outpatient sites, nearly 5,000 affiliated physicians, 1,800 advanced practice providers, 9,000 nurses and 2,000 volunteers. Beaumont's total annual net patient revenue is \$4.6 billion. In 2019, the health system had 179,600 inpatient discharges, 17,600 births and 577,000 emergency visits.
